

**XRAY X4'24'**

The diagram illustrates the chassis from three perspectives: FRONT, BOTTOM VIEW, and REAR. Key components and options include:

- FRONT VIEW:** Shows the front suspension and steering assembly. A servo is mounted in the **SERVO HOLDER** with a **STEER. LOCK** of 26 /deg.
- BOTTOM VIEW:** Shows the underside of the chassis. A **MOTOR MOUNT** is indicated for the motor.
- REAR VIEW:** Shows the rear suspension and steering assembly. A **T-BRACE** is shown with options for **ALU** (checkbox) and **BRASS** (checkbox).
- FRONT ARMS:** Options for **MEDIUM** (checkbox) and **HARD** (checkbox with an X).
- CHASSIS:** Options for **GRAPHITE** (checkbox), **ALU** (checkbox with an X), and **ALU 1.5mm** (checkbox).
- REAR ARMS:** Options for **MEDIUM** (checkbox) and **HARD** (checkbox with an X).
